

**Make a difference.....
make an *impact!***

Our Name

The mission of Impact Thrift Stores is to positively *impact* the local community through out thrift store operations. Impact, as a noun, means “the powerful or dramatic effect that something or someone has”. As a verb, impact means “to have an immediate and strong effect on something or someone. No matter how you look at it, the word “impact” was the perfect choice for our organizations name. Not only is Impact Thrift Stores making an impact, but so are our customers and merchandise donors. Without their help and generosity there would be no *impact!*

History

Impact Thrift Stores, Inc. was organized in the spring of 2001 by a small group of Christian business professionals who felt a calling to use their business experience, talents and financial recourses in a significant way. A board of directors was formed, a business plan was developed and a bank line of credit secured through personal guarantees of individuals excited by Impact’s vision. In December of 2001, the first store was opened in Hatboro. Today, Impact Thrift Stores, Inc. operates three store locations: Hatboro, Montgomeryville and Norristown. The three locations offer over 50,000 square feet of retail shopping space. Since 2003, Impact has been able to donate over \$780,000 to local charities that feed the hungry, house the homeless, aid the blind and help families and children in crisis.

Administration

As a 501(c)(3) organization, Impact Thrift Stores, Inc. is governed by a Board of Directors. The day-to-day operation is overseen by Impact’s CEO, Paul Baur and Impact’s CFO, Al Chagan with help from a strong management team.
